Family group is on Mondays in groups #2, 3, 4, 6&7: It is Tues. in group #5 and Sat. in #1 where family members and significant others attend with you. Family Education group is offered on Thursday 6-8pm in Family Center. This is a separate group just for family members and significant others.

This IOP model is time tested and we have put thousands of people through it successfully throughout the years. We feel extremely confident in the treatment of addiction, recovery coaching and the creation of effective relapse prevention plans. There is a “recipe for sobriety” and if you follow the recipe, you get good results 100% of the time! Please feel free to contact me if you have any questions:

Jim Corrington, Jr. MSW, LCSW – Outpatient Director: 602-279-5254
